GENERATION APPRENTICESHIP

APPRENTICESHIP IN IRELAND OFFERS EMPLOYERS NEW SKILLS AND BUSINESS DEVELOPMENT

With a National Apprenticeship Office now in place, Government has shown decisively that apprenticeship is a vital and relevant force in developing Ireland's skills base. The Office is building on the strong tradition of work based learning and innovation in small, medium and large businesses across multiple industries in the Irish economy.

ONE NATIONAL APPRENTICESHIP SYSTEM

Approved apprentice employers can register for the Apprenticeship Online service by emailing **info-apprenticeshipjobs@solas.ie**. Once registered employers can advertise vacancies for apprentices for free, claim the employer grant, see information on their apprentices' progress and be approved to employ apprentices on other apprenticeship programmes.

Apprenticeship employers are eligible to receive a €2,000 grant annually for each registered apprentice who are employed on one of the 40+ apprenticeships which have been established since 2016 and which do not attract payment of off-the-job training allowances.

Apprenticeship employers are eligible to receive a €2,666 bursary for each registered apprentice employed on any national apprenticeship programme with greater than 80% representation of a single gender.

Apprenticeship spans a large and diverse community which includes traditional craft-based programmes and a constantly expanding portfolio in areas that include finance, insurance, advanced manufacturing, biopharma and technology.

SUPPORTING PEOPLE WHO WANT TO LEARN AND GROW TO MEET IRELAND'S DEVELOPMENT NEEDS TODAY AND IN THE FUTURE.
